

CHRONOLOGY OF CHANGES TO THE ILLINOIS STATE LIST OF BIRDS

(since 1 December 2012)

Note: when a species is added based on a first state record, the date listed here is the date that the record was accepted, rather than the date of the record itself.

Changes on 25 July 2024

- The status of White-winged Dove was changed from Casual to Regular.
- The status of Swallow-tailed Kite was changed from Casual to Regular.
- The status of Evening Grosbeak was changed from Casual to Regular.
- The status of Hoary Redpoll was changed from Casual to Regular. [Note: this change should have taken place prior to the lumping of Common Redpoll with Hoary Redpoll and was made in order to have the change on record.]
- The status of White-winged Crossbill was changed from Casual to Regular.
- The status of Western Tanager was changed from Casual to Regular.
